Graduation, p. 59

GRADUATION

Southeastern College commencement ceremonies are held annually. Students are eligible to participate if they satisfactorily complete the academic requirements for the program in which they are enrolled at least one term prior to the commencement ceremony. To graduate from Southeastern College and participate in commencement exercises, students are required to meet with the Department of Student Services to complete a graduation exit application, request participation in the ceremony, and complete all required institutional and departmental exit interviews.

Diplomas for students meeting the exit requirements and financial obligations are distributed and available for pick up at the college. It is recommended that students contact the Student Services department at their campus to confirm pick-up time and availability. Other diploma pickup or mailing arrangements (diploma handling and shipping fees apply per the tuition addendum) must be made with the Student Services Director. All financial obligations and graduation requirements must be fulfilled before a diploma is released.

Programs Offered, RN to BSN Bachelor of Science Degree (Miami Lakes) p. 265

MCB 2010	Microbiology	3.0 credits
MCB 2010L	Microbiology Lab	1.0 credit
SPC 1017	Speech	3.0 credits

Course Outline

To receive a Bachelor of Science degree in Nursing, students must complete a total of 120.0 semester credit hours. This program is designed for graduates of associate degree programs in nursing who have satisfied the prerequisites of satisfactorily completing 30.0 semester credit hours of general education and 43.5 semester credit hours for RN licensure, totaling 73.5 semester credit hours. This degree completion program for registered nurses emphasizes critical thinking, leadership, management, research, physical assessment, and health prevention and promotion across a variety of healthcare settings. The curriculum accentuates cultural, political, economic, and social issues that affect patients and influence healthcare delivery through online and/or face-to-face classroom and clinical components. Students must complete all courses with a grade of “C” or higher to proceed successfully through the program. The program may be completed in approximately 12 months for full-time students.
